

## Strategic & Operational Buyer

Mouvent AG – Cheseaux sur Lausanne / VD

Mouvent AG is a recently founded, young and innovative company working on the development and production of state-of-the-art digital printing machining for the packaging and textile industry. Mouvent AG has around 130 employees working at different locations across Switzerland and aims to be a global player in the printing market within the next few years. We are a result-oriented company.

In order to support our fast-growing company, we are looking for a professional and highly motivated:

### **Strategic & Operational Buyer at 100% based in Cheseaux-sur-Lausanne / VD (f/m)**

#### **Position summary:**

Within this challenging role, you are responsible for the procure-to-pay process for various spend categories and to ensure the delivery of materials (metal, electrical, electronical parts,...) to our factories in quantity, time, quality and at a competitive cost. In addition you support and give the necessary inputs to our R&D teams and place the purchase orders for our prototypes.

#### **Your responsibilities:**

- Operational responsibility for dedicated suppliers / spend categories
- Follow-up of purchase requisitions, process purchase orders/confirmations in our ERP
- Manage dedicated material master data (preferred vendor, prices, leadtimes,..)
- Drive procurement activities, including demand and market analysis, supplier identification, selection and qualification, conducting tenders/RFx, establishing supply contracts
- Continuously improve supplier performances in terms of costs, quality and delivery monitoring. Manage business review meetings with suppliers. Participate to the implementation of supplier scorecards.
- Participate to the development of sourcing strategies and category management. Analyse purchasing spend datas and identify opportunities.
- Perform Supply market analysis and give inputs to your internal stakeholders (Operations, Finance, Project and technical managers).
- Lead procurement projects including outsourcing projects (nationally and internationally). Develop and implement new sources of supply and partnerships.
- Closely collaborate with the head of purchasing on continuous improvement projects (including procurement processes)

#### **Your qualifications:**

- Min 3-5 year experience in purchasing / project management in a production/industrial environment.
- Technical Background with further education in purchasing
- Ability to work under stress and to manage priorities.

A Bobst Group company

- Pragmatic, dynamic and service/team oriented.
- English/ French written and spoken, German is an advantage.

You are polyvalent, proactive, motivated and highly professional. In addition you want to grow with our company, then you are exactly the new buyer to complete our purchasing team.

**We offer:**

We offer you an interesting and challenging position in a young, dynamic and fast growing international environment.

Interested? Please send you full application (motivation letter, CV, work certificates & diplomas) to [johanna.davet@mouvent.com](mailto:johanna.davet@mouvent.com). We will reply only to candidates who match the profile.
